SIM CARD MANAGEMENT PLATFORM simalarm.eu

SIM ALARM is the most simple and intuitive platform on the market, which allows you to manage the registration and recurrence of your cards for your security and CCTV devices.

VESTA BY CLIMAX

The intrusion panel of the future is already here

VESTA by CLIMAX is the innovative Taiwanese and Norwegian-based brand of wireless home or business security systems, medical alarms, home automation systems and a wide range of accessories.

Since its founding in 1985, CLIMAX has remained at the forefront of innovation, maintaining close collaboration with leading Taiwanese research centers and security companies around the world, and achieving ISO 9000 certification for its production facilities and systems. quality management. Furthermore, CLIMAX stands out as a pioneer in the promotion of quality and environmental management, obtaining and maintaining the ISO 9001, ISO 14001 and ISO 45001 certifications.

As a member of the ZigBee Alliance, Z-Wave Alliance, and ULE Alliance, CLIMAX is characterized by having the latest technology in Wireless communications and connectivity, becoming a leading provider of security and telecare solutions in the markets of America, Europe and Asia. .

Much more than an alarm system

With a total of 160 radio zones, VESTA's control panels offer a high level of security and supply many shortcomings that their

competitors have. The panel itself incorporates an indoor siren and has the latest communication technologies.

VESTA also has one of the most complete ranges of products, consisting of more than 50 F1 devices, including keypads, sirens, smoke sensors, PIR detectors, PIRCAM, temperature sensors, magnetic, perimeter detectors, vibration sensors, push buttons. emergencies, etc.

Other innovative and essential elements of the system are the wireless-wired zone converter and the repeater, which allows up to 60 devices (PIR detectors, magnetic contacts, etc ...) or 8 Pircams, with repetition between them and reaching ranges greater than the 2 km. At the level of Z-wave devices there are also other elements such as an occupancy sensor, light detectors, smart plugs and universal remote controls, among many others.

Among the latest VESTA innovations, the integration with SALTO's smart lock, which allows remote control, as well as the battery-powered panel, 100% autonomous, Grade 2, and the hybrid panel, with a minimum of 16 wired zones, stand out. Grade 3.

TURN YOUR HOME OR YOUR BUSINESS INTO A SAFE PLACE AND SMART HOME

Greater comfort and user experience thanks to its features

- **Via radio** with a range of 2 km
- Exclusive **F1** technology, for greater stability
- **Grade 2** Certification
- **Ethernet, 2G or 4G** connection and possibility via **WiFi**
- **10 min** average programming to minimize installation costs
- **2 partitions and 2 types of arming** per partition: AWAY and STAY
- **Z-wave** connection, which allows connecting elements of home automation and IoT
- Integration with the best manufacturers of home automation and IoT devices through **Z-Wave** and **ZigBee** protocols
- Integration with **Alexa** or **Google Home**, to arm by voice, in addition to controlling home automation devices
- **Zone** assignment to each detector (instantaneous or delayed)
- **Scenario** creation (when the system is activated (arm or disarm), other actions are activated such as turning the television on / off, turning lights on / off, etc.)

FREE APP

SmartHomeSec

REMOTE CONTROL OF YOUR SECURITY AND HOME AUTOMATION SYSTEMS

With the VESTA SmartHomeSec application, you can remotely control and manage both your security and video surveillance system and the smart devices in your home or business.

Many functions in one application

Security and video surveillance system 	Home automation system 	All in one 
<ul style="list-style-type: none"> • Reception and verification of panel events • Instant alarm notifications with images • Request for images to PIRCAM detectors • Arm / disarm security panel remotely • DAHUA camera aggregation made simple, through QR code scanning, and real-time monitoring by P2P 	<ul style="list-style-type: none"> • Control of smart devices • Create scenarios (such as turning on the hall light or turning on the heat upon entering the home) • Create rules (such as auto arming the system, automatic lights off, auto light level regulation or simulate the presence) 	<ul style="list-style-type: none"> • Geofence geolocation system, to mark the detection range (100 meters and above) and perform actions or create reminders when entering or leaving the area • Integration with Alexa and Google Home, for voice control • Add users and privilege management • Management of several panels with the same user • Free application and available for iOS and Android

INSTALLERS SECTION

Features

- Self-registration of installer accounts
- Allows you to add / edit / remove panels through the installer panel list
- Monitoring of panel or device failures through the statistics dashboard
- Access to installer panels in end user view
- Available languages: English, Spanish, French, Italian, Dutch and Polish

Features in the panel end user view

- Add / edit / delete end user accounts
- View panel security sensors, automation devices, and event list
- Manage the control panel configuration including the sections: panel, device, report, geofencing and GSM

VESTA BY CLIVMAX 100% STANDALONE BATTERY ALARM SYSTEM

The most powerful standalone control panel on the market

The battery powered, 100% standalone grade 2 panel VESTA by Climax is the great launch of the revolutionary intrusion brand, designed for applications that lack electrical connection or router internet access, such as cottages, yachts, vacation houses, motorhomes, vacant flats, scaffolding, garages, booths, etc.

HIGHLIGHTS

- Grade 2 Certificate
- No external power or internet connection required via router
- 2G and 4G LTE communication flexibility, allowing you seamless communications at remote sites
- Battery life of 1 year and 2 months, with test transmissions every 6 hours
- Up to 50 radio zones with a range between device and control panel of up to 2 km
- Compatibility with the large catalog of more than 50 F1 devices: keyboards, sirens, smoke sensors, PIR detectors, PIRCAMS, temperature sensors, door contacts, perimeter detectors, vibration sensors, etc.
- Supports indoor and outdoor PIRCAMS, which allow users and monitoring stations to visually verify alarms
- Supports smoke detectors and water sensors, for protection against fire damage and water leaks 24 hours a day
- It admits temperature sensors for protection against high and / or low temperatures with the possibility of setting ranges
- Allows total configuration from keyboard and LCD screen incorporated in the control panel
- Automatic arming / disarming programming by calendar
- Built-in 100dB siren to emit an immediate warning, with the possibility of adding indoor and outdoor F1 sirens
- Extreme comfort and flexibility in the methods of communication of events and photos to ARC (MANITOU, MANITOU encrypted, CID, SIA)
- Possibility of remote access to ARC for quarterly tests using a WAKE UP command
- With the free VESTA SmartHomeSec app you can immediately receive event and alarm notifications with photos. In addition, from the installer section, you can fully configure your control panel in less than 10 minutes

MODELS

- **VESTA-067 (BOGP-3-2G):** Battery-powered cellular alarm system with 2G communication
- **VESTA-068 (BOGP-3-4G):** Battery-powered cellular alarm system with 4G communication

VESTA BY CLIMAX HYBRID ALARM SYSTEM

COMING SOON

Smart security solution

The Vesta by Climax hybrid alarm system is a wireless, wired IP-based smart home security gateway with LTE communication. It provides a robust and customizable system that takes advantage of both types of technology for large commercial and domestic applications, offering a comprehensive solution, including home security, a total visual monitoring solution, Z-Wave home automation and management of energy, offering comfort and safety in the same solution.

The system makes use of Vesta by Climax's innovative radio technology, which offers an RF communication range of up to 2 km, fast signal transmission and high reliability. Vesta by Climax RF radio technology has greatly expanded the communication range of F1 systems and has enhanced the reliability of their systems. F1 systems are cleverly designed to revolutionize the way you experience security.

HIGHLIGHTS

- 2G (GPRS), 4G (LTE) and 4G + WIFI + Z-WAVE models
- Communication over IP (Ethernet) on all models
- Radio frequency compatible with all F1 868Mhz devices in the catalog (2 km in open field)
- Allows up to 16 hardwired zones on board
- Allows up to 160 total zones (via radio + wired)
- Up to 8 areas
- Allows up to 4 wired keyboards
- Up to 80 users
- 1 PGM output
- Grade 3 Certificate
- With the **VESTA SmartHomeSec** application you can remotely control and manage both your security and video surveillance system and the smart devices in your home

MODELS

- **VESTA-111 (HYBRID-2G)**: Hybrid alarm system with 2G + IP communication
- **VESTA-112 (HYBRID-4G)**: Hybrid alarm system with 4G + IP communication
- **VESTA-113 (HYBRID-4G-FULL)**: Hybrid alarm system with 4G + IP + WIFI + Z-WAVE communication

VESTA-211
(VST-892-IL-ALK)

ROTATING BRACKET

- Compatible with PIR **VESTA-007**, **VESTA-008**, **VESTA-096** and **VESTA-211**
- Rotation angle: 80°(H), 70°(V)
- Easy to use and install
- Optimal coverage

VESTA-212
(ROTATING BRACKET A)

PIR DETECTOR VIA OUTDOOR RADIO

- 10 meter coverage, 90 °
- 30/40/60 kg anti-pets
- Antimasking and tamper
- Works with 2 L91 1.5V lithium batteries
- 5 year battery life

VESTA-036
(EIR-32-F1)

PIR DETECTOR VIA OUTDOOR RADIO

- 10 meter coverage, 90 °
- Camera: 640x480 @ 3fps, 320x240 @ 3 / 6fps
- 102 ° wide angle optics
- 7 meter IR illumination
- Petproof 27 kg

VESTA-024
(VST862EX-F1)

OUTDOOR SWIVEL BRACKET

- Compatible with PIRCAM **VESTA-024**
- It is not compatible with pets
- when the detector is tilted
- Rotation angle: 95 ° (H), 69.5 ° (V)
- Easy to use and install
- Offers optimal coverage

VESTA-094
(PDEIR32000)

PIRCAM CURTAIN VIA OUTDOOR RADIO

- 12 meter coverage, 8 ° (V) / 90 ° (H)
- Camera: 640x480@3fps, 320x240@3/6fps
- 102 ° optics, 7 meter IR illumination
- Antimasking function
- 60 kg / 75 cm pet immunity

VESTA-210
(VST-892-EXC-IL)

ROTATING BRACKET

- Compatible with the PIRCAM of
- curtain VESTA-210
- Rotation angle: 30 ° (V)
- Easy to use and install
- Offers optimal coverage

VESTA-213
(ROTATING BRACKET C)

DOUBLE DETECTOR VIA RADIO TECHNOLOGY

- 12 meter coverage, 110 °
- Microwave frequency 10,525GHz
- Anti-pets up to 27 kg
- Tamper
- Works with 2 alkaline 1.5V batteries

VESTA-016
(IRM-23-F1)

DOUBLE DETECTOR VIA RADIO TECHNOLOGY

- 12 meter coverage, 110 °
- Microwave frequency 10,525GHz
- Anti immunity up to 27 kg
- Tamper
- Works with 2 alkaline 1.5V batteries

VESTA-151
(IRMP-23-F1)

DOUBLE CURTAIN DETECTOR TECHNOLOGY

- 8 meter coverage, 30 °
- 24GHz microwave frequency
- It incorporates via radio Vesta Climax F1
- Tamper
- Powered by 3.6V lithium battery

VESTA-062
(9458U)

DOUBLE CURTAIN DETECTOR TECHNOLOGY

- 12 meter coverage, 7.5 °
- 24GHz microwave frequency
- It incorporates via radio Vesta Climax F1
- Tamper
- Powered by 3.6V lithium battery

VESTA-063
(9456)

WALL BRACKET

- 10 cm wall bracket
- Compatible with curtain detectors **VESTA-062** and **VESTA-063**

DEM-1326

DOUBLE CURTAIN DETECTOR VIA RADIO TECHNOLOGY

- 10 meter curtain coverage, 10 °
- Works with 2 LR1 1.5V lithium batteries
- 9-year battery life
- IP45 protection

VESTA-154
(EIRC-1-F1)

MAGNETIC CONTACT VIA RADIO

- Allows creation of scenes of security and home automation

(HWC-1B-F1)

F1
2KM

EXTENDER / REPEATER VIA RADIO

- Extend the communication range
- between the sensors and the Panel
- Rechargeable backup battery
- Tamper
- Includes 220V power supply

VESTA-030
(RP-29-F1)

F1
2KM

POS EXHIBITOR OF PRODUCTS NOT INCLUDED

- Vesta by Climax product POS display in Spanish
- Ideal for points of sale
- Products are not included
- Images of the products in real size, which allows you to fix the products physically
- Dimensions: 1.25 (W) x 1.75 (H) meters

VESTA-198ES

Products shown on the POS (not included)

- **VESTA-047:** Central IP + 4G security of 160 zones via radio
- **VESTA-067:** 2G compact control panel with batteries of 50 zones via radio
- **VESTA-113:** 4G + IP + Z-Wave hybrid control panel with up to 160 zones
- **VESTA-014:** 4-button push button
- **VESTA-114:** Wireless and wired keyboard for hybrid system
- **VESTA-012:** Radio keypad with proximity reader
- **VESTA-025:** 7 "touch radio keyboard with 2 megapixel camera
- **VESTA-109:** Video intercom
- **VESTA-024:** Outdoor radio PIR cam detector
- **VESTA-007:** PIR cam detector via radio of 10 meters, 90 ° range
- **VESTA-009:** PIR detector via radio of 12 meters, 110 ° range
- **VESTA-013:** Wireless magnetic contact for doors and windows
- **VESTA-020:** Siren via external radio
- **VESTA-106:** Relay switch for power meter
- **VESTA-042:** Power Meter / Switch
- **VESTA-103:** Remote control of motorized blinds
- **VESTA-043:** Programmable Stage Switch

VIDEO DOORPHONE VIA RADIO

- 2 megapixel CMOS, 1080P @ 15fps
- 148 ° fixed lens
- PIR with 5 m range, 105 °
- Two-way audio

VESTA-109
(VDP-3)

SAFETY SMOKE GENERATOR

- System composed of a single body
- with DIO-52 interface
- Approximate coverage of 150 m³
- Non-toxic certified smoke
- Piezoelectric siren
- 360 ° adjustable nozzle
- Glass-filled nylon shell

VESTA-156
(NEBULAVESTA)

SYSTEM VESTA BY CLIMAX Z-WAVE DEVICES

VESTA®
by CLIMAX

RELAY CONTROLLER

- Automate pool covers,
- gas and water valves, sprinklers, etc.
- SPDT relay output
- Works as a Z-Wave repeater
- DC / AC power input

VESTA-206
(PRL-3ZW)

868
MHz

RELAY CONTROLLER

- Automate pool covers, gas and water valves, sprinklers, etc.
- SPDT relay output
- Works as a Z-Wave repeater
- AC power input

VESTA-169
(PRL-1ZW-AC)

868
MHz

POWER RELAY SWITCH

- It allows the integration of events from activation in other home automation activities
- Works as a Z-Wave repeater
- Firmware update over the air (OTA)
- Compatible with third-party Z-Wave devices

VESTA-162
(PRS2-ZW)

868
MHz

BLINDS CONTROL SWITCH

- Remote and manual blinds adjustment motorized roller
- No wiring for quick installation
- For inside use only
- Compatible with third-party Z-Wave devices

VESTA-168
(SCS-1ZW)

868
MHz

PROGRAMMABLE SCENARIO SWITCH

- Four stage conditions
- Expand home automation options
- Two-way communication
- Works with 2 AA 3V alkaline batteries
- 2 year battery life

VESTA-043
(WSS-4E-ZW)

868
MHz

POWER RELAY SWITCH

- Control lights and appliances remotely
- Includes terminal cables and connectors
- Firmware update over the air (OTA)
- Compatible with third-party Z-Wave devices

VESTA-163
(PRS5-ZW)

868
MHz

RELAY CONTROLLER

- Automate pool covers, gas and water valves, sprinklers, etc.
- SPDT relay output
- Works as a Z-Wave repeater
- Compatible with third-party Z-Wave

VESTA-140
(PRL-8ZW)

868
MHz

LIGHT DETECTOR WITH HUMIDITY AND TEMPERATURE SENSOR

- Monitoring of visible light sources
- It incorporates a temperature and humidity sensor
- Works with 1 CR123A 3V lithium battery
- 2 year battery life

VESTA-053
(LMHT-1ZW)

SWITCH FOR POWER METER

- For remote on / off of home appliances
- Works as a Z-Wave repeater
- It incorporates a power and consumption meter
- Compatible with third-party Z-Wave devices

VESTA-106
(PRM2-ZW)

MOTORIZED BLINDS CONTROLLER

- Remote control of motorized blinds
- Zero crossing detection
- Includes terminal cables and connectors
- Firmware update over the air (OTA)
- Compatible with third-party Z-Wave devices

VESTA-167
(SCM-5ZW)

SWITCH / POWER METER

- Enable / disable devices remotely via web or app
- Allows scenes for automation
- It incorporates a power and consumption meter
- Compatible with third-party Z-Wave devices

VESTA-042
(PSM-29-ZW)

MOTORIZED BLINDS CONTROLLER

- Remote control of motorized blinds
- Strain relief clamp
- Zero crossing detection
- 1/2 hp of power
- Compatible with third-party Z-Wave

VESTA-166
(SCM-8ZW)

PIR OCCUPANCY / VACANCY SENSOR

- Detect motion using PIR
- 360 ° rotation with magnetic base
- Integrated temperature and light sensors
- Works with 1 CR123A 3V lithium battery
- 4-year battery life

VESTA-052
(POVS-ZWAVE)

THERMOSTAT

- Automatic on / off control
- radiator valve
- Anti-freeze function below 5 ° C
- Anticalcification
- Lock function

VESTA-171
(TRV-12W)

TEMPERATURE AND HUMIDITY SENSOR

- Send temperature and humidity reports to the control panel every ten minutes
- -10 ° C ~ + 50 ° C, 0% ~ 95% RH
- Works with 2 AA 3V alkaline batteries
- 2.8 year battery life

VESTA-041
(RS-23-ZW)

3 CHANNEL RELAY CONTROLLER

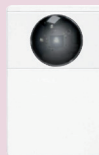

- Automate pool covers, gas and water valves, sprinklers, etc.
- SPDT relay output
- Works as a Z-Wave repeater
- Compatible with third-party Z-Wave

VESTA-170
(PRLM-CH3-ZW)

UNIVERSAL IR REMOTE CONTROL

- Control up to five devices at a distance of up to 14 meters
- Unify device control
- Works with 2 1.5V lithium batteries
- 1 year battery life

VESTA-044
(UPIC-5-ZW)

INTELLIGENT THERMOSTAT

- 2 button design
- Simple and intuitive programming
- Activation of cold / heat depending on the temperature setting
- Remote connectivity: App, PC

VESTA-104
(TMST-15ZW)

AIR QUALITY DETECTOR (PM2.5)

- PM2.5 particle reading
- Temperature and humidity sensor
- Historical data of the day / week / month
- Signal quality monitoring
- Multi-color lighting at night

VESTA-115
(AQS-1ZW)

AIR QUALITY DETECTOR (CO2)

- Track home air quality
- Temperature, humidity and CO2 sensor
- Historical data of the day / week / month
- Signal quality monitoring
- Multi-color lighting at night

VESTA-172
(AQS-2-ZW)

AIR QUALITY DETECTOR (PM2.5 + CO2)

- PM2.5 particle reading
- Temperature, humidity and CO2 sensor
- Historical data of the day / week / month
- Signal quality monitoring
- Multi-color lighting at night

VESTA-116
(AQS-3ZW)

SALTO

inspired access

NICKEL CYLINDERS WITH 30/35 / 40MM PLATE

- Anti-drill protection
- Piton and ram system
- anti-bumping and anti-pick

30MM:
SALTO-008
(DCE33030NID5)

- 5 pins, 5 rams, 5 springs and 5 security keys "CP"
- Complies with the UNE-EN1303 standard

35MM:
SALTO-007
(DCE33530NID5)

40MM:
SALTO-010
(DCE34030NID5)

DANALOCK DANABRIDGE

- Supports up to 2 Danalock V3
- Remote opening
- Live tracking
- Smart Bluetooth BLE
- Compatible with IOS 9+ and Android 6+

SALTO-004
(DOBBOWHEU)

KEYBOARD TO ACCESS THE APARTMENT

- BLE 4.3 communication
- AES 256-bit encryption
- Mounting on the outside of the door
- Up to 20 codes of up to 10 digits
- Works with 4 CR123A batteries

SALTO-002
(DOBP0SI)

DANALOCK UNIVERSAL MODULE

- Unlimited users per door
- Unlimited doors per system
- Unlimited access levels and hours
- Smart Bluetooth BLE
- Compatible with IOS 9+ and Android 6+

SALTO-003
(DOZU2)

INTELLIGENT ELECTRONIC LOCK

- BLE 4.3 communication
- AES 256-bit encryption
- Mounting inside the lock
- Permission management from mobile
- Works with 4 CR123A batteries

SALTO-001
(DOZE2)

CYLINDER ADAPTER EU

- EU adapter for **SALTO-001**

SALTO-005
(DCSLAE)

DANALOCK V3 COMPLETE KIT

- Complete exhibition kit
- DANALOCK V3

SALTO-006
(DOZE2SIMS)

VESTA SYSTEM BY CLIMAX ZIGBEE DEVICES

RELAY CONTROLLER

- Automate pool covers, gas and water valves, sprinklers, etc.
- SPDT relay output
- Works as a ZigBee repeater
- AC power input

VESTA-181
(PRL-1ZBS-AC)

POWER RELAY SWITCH

- It allows the integration of activation events in other home automation activities
- Works as a ZigBee repeater
- Extension terminal for external switch
- Compatible with third-party ZigBee devices

VESTA-174
(PRS2-ZBS)

BLINDS CONTROL SWITCH

- Remote and manual adjustment of motorized roller blinds
- No wiring for quick installation
- For inside use only
- Compatible with third-party ZigBee devices

VESTA-180
(SCS-1ZBS)

SWITCH FOR POWER METER

- For remote on / off of home appliances
- Works as a ZigBee repeater
- It incorporates a power and consumption meter
- Compatible with third-party ZigBee devices

VESTA-190
(PRM2-ZBS)

POWER RELAY SWITCH

- Control lights and appliances remotely
- Includes terminal cables and connectors
- Firmware update over the air (OTA)
- Compatible with third-party ZigBee devices

VESTA-175
(PRS5-ZBS)

RELAY CONTROLLER

- Automate pool covers, gas and water valves, sprinklers, etc.
- SPDT relay output
- OTA firmware update
- Compatible with third-party ZigBee

2,4
GHz

VESTA-191
(PRL-8ZBS)

PROGRAMMABLE SCENARIO SWITCH

- Four stage conditions
- Expand home automation options
- Two-way communication
- Compatible with any Zigbee network and device

2,4
GHz

VESTA-187
(WSS-4E-ZBS)

MOTORIZED BLINDS CONTROLLER

- Remote control of motorized blinds Zero crossing detection
- Includes terminal cables and connectors
- Firmware update over the air (OTA)
- Compatible with third-party ZigBee devices

2,4
GHz

VESTA-179
(SCM-5-ZBS)

LIGHT DETECTOR WITH HUMIDITY AND TEMPERATURE SENSOR

- Monitoring of visible light sources
- It incorporates a temperature and humidity sensor
- Works with 1 CR123A 3V lithium battery
- 2 year battery life

2,4
GHz

VESTA-185
(LMHT-1ZBS)

REMOTE CONTROL OF BLINDS

- Suitable for motorized blinds, curtains, projector screens, etc.
- Zero crossing detection
- Manageable from App or web browser
- Compatible with third-party ZigBee

2,4
GHz

VESTA-178
(SCM-8-ZBS)

SWITCH / POWER METER

- Allows remote activation / deactivation of devices via web or app
- Allows scenes for automation
- It incorporates a power and consumption meter
- Compatible with third-party ZigBee

2,4
GHz

VESTA-186
(PSM-29-ZBS)

THERMOSTAT

- Automatic on / off control of radiator valve
- Anti-freeze function below 5 ° C
- Anticalcification
- Lock function

2,4
GHz

VESTA-183
(TRV-1ZBS)

SMART THERMOSTAT

- 4 button design
- Simple and intuitive programming
- Works with any connected home ZigBee system
- Set point between + 5 ° C ~ + 30 ° C

2,4
GHz

VESTA-189
(TMST-2ZBS)

TEMPERATURE AND HUMIDITY SENSOR

- Send temperature and humidity reports to the control panel every ten minutes
- -10 ° C ~ + 50 ° C, 0% ~ 95% RH
- Works with 2 AA 3V alkaline batteries
- 4-year battery life

2,4
GHz

VESTA-184
(RS-23-ZBS)

3 CHANNEL RELAY CONTROLLER

- Automate pool covers, gas and water valves, sprinklers, etc.
- SPDT relay output
- Firmware update over the air (OTA)
- Compatible with third-party ZigBee

2,4
GHz

VESTA-182
(PRLM-CH3-AC-ZBS)

INTELLIGENT RGBW BULB

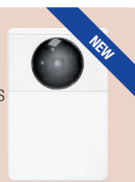

- Allows remote control of lighting RGBW colors (red, green, blue and white)
- 16 million color combinations
- Suitable for security and home automation
- Compatible with third-party ZigBee systems

VESTA-173
(RSB-1ZBS)

UNIVERSAL IR REMOTE CONTROL

- Remote control of up to five devices
- Works with air conditioners and AV systems
- Works with 2 1.5V lithium batteries
- Battery life of up to 3 years

VESTA-188
(UPIC-5-ZBS)

VESTA SYSTEM BY CLIMAX BATTERIES

DESCRIPTION AND COMPATIBILITIES

LITHIUM BATTERY, 3V, 1500MHA

- Compatible with:
SALTO-001, VESTA-007, VESTA-009, VESTA-011, VESTA-012, VESTA-015, VESTA-019,
VESTA-023, VESTA-026, VESTA-028, VESTA-031, VESTA-032, VESTA-034, VESTA-037,
VESTA-038, VESTA-039, VESTA-051, VESTA-052, VESTA-053 y VESTA-060

RRP
NAP-84

AAA ALKALINE BATTERY, 1,5V, 1300MHA

- Compatible with:
VESTA-006

DEM-291

AA ALKALINE BATTERY, 1,5V

- Compatible with:
VESTA-008, VESTA-016, VESTA-022, VESTA-096, VESTA-202, VESTA-203 y VESTA-211

DEM-669

LITHIUM BUTTON BATTERY, 3V, 620MHA

- Compatible with:
VESTA-010, VESTA-013 y VESTA-105

DEM-1060

LITHIUM BUTTON BATTERY, 3V

- Compatible with:
VESTA-014, VESTA-017 y VESTA-018

CROW-250

LITHIUM BATTERY, 3V

- Compatible with:
VESTA-029

DEM-1323
